EASY-LOAD LIVESTOCK TRAILER
DROP BED TRANSPORTERS FOR ALL FARM ANIMALS

Designed for the easy and stress free loading and unloading of livestock, we offer a range of drop bed livestock transporters for all types of farm animals. The Easy-Load Livestock Transporter has a steel construction with chequer plate floor, steel sides with railed upper sections, internal dividers and canvas roof cover. The bed of the trailer lowers to the ground for loading by pivoting the axle. Using the tractor hydraulics, the axle is returned to the transport position and locked in place for transport.

Size options available for cattle and pig transport.

OPTIONAL EQUIPMENT

- Flashing Beacon LED Beacon
- Extra dividing gates
- Herding gate hangers per a side
- Near side loading/personnel door

STANDARD FEATURES

- Hydraulic lifting body
- Hydraulic brakes
- LED lights
- Durbar floor
- Internal divider gates
- Canvas roof cover
